- The opportunity to conduct a test for a future partnership

### **SCHOOLE-EDUCATION**

3 years Professional Education alternately School and Company.

C.A.P and E.F.A. Repair Electronics' TV HI FI ET Radio Transceiver. Level 1

### **AFPA Tours.**

Professional School, Automatism and electro-technique Electronic industrial C.F.P.A. Level 2 (B.E.P.)

### **AFPA CHATELLEREAUL.**

Professional School complementary Training, electronic and automatism and maintenance  
C.F.P.A. Level 2 (B.E.P.)

### **IB FORMATION PARIS 16.**

Formation Informatics' and Network administrator Training, on Microsoft Windows NT4

Application to prepare at MCP

Technology and Network interconnection

### **Services and applications:**

- Installation, start-up dismantling, moving, facility management, all site Europe , World.
- Reception of equipment, unpacking, facility management, and receipt of the equipment on site.
- Preventive, periodic and maintenance and Corrective action.
- Spare parts of origin supply.
- Calibration and fiability test.
- Diller for distribution of your equipment's and spares parts on territory Europe and world.

### **Training:**

- Hard and soft for users and.
- First level for maintenance team.

### **Repairing and Maintenance:**

- Expert analysis, fixing and solving solution.
- Electronic, repairing all Pc-board, test, an calibrating, and electronic's Spares parts.
- Electrotechnology repairing, stepper motor and driver soft and Pc-board.
- Mecanical maintenance curative and corrective action, calibrating , test of fiability.
- Analysis for, costs management, priorities setting, in emergency situations.
- Corrective action, calibration, tests.
- Spare parts of origin supply.

### **Informatics:**

- Repairing Software and hardware maintenance UP-date on all electronics-based in equipment, and computers.
- PC UP-date instal new soft pro, Get data back, HD replace, repairing mother board, all parts.
- Install Hardware & software, of old and new equipments, up-date setup OS and software, back up Hard disks, data's recover, networking configuration Wifi setup.

### **Evaluation For cotatsion :**

Evaluation and repair of all kind of electronic, computerized and electromechanical equipment with estimation writing research and buy of spare parts, follow-up for work.

### **Actual partners:**
